A special chalet with a very pleasant and unique view in Altury urbanization, Turís. Without doubt one of the finest properties in this area, both for the spectacular views and the quality of the materials used. We access the house to the day area with a spacious living room with a turbine chimney (spreading the heat in all the house), a dining area and a beautiful ceiling. In front there is a kitchen and on the left we find 2 bedrooms and a bathroom. On the top floor we have 3 spacious bedrooms with beautiful terraces all around, and a complete bathroom. The outside space contains a closed garage, a paellero, a very large swimming pool, a nice gazebo, a lovely fish pond, large terraces with a neat landscape. The chalet benefits from the stunning open views in all orientations, thanks to its high position in the urbanization, and the large terraces all around the house. The property is located in Altury urbanization, 10min from Turís and 30min from Valencia. The surrounding area has excellent services, quality sports facilities, a sports centre, schools, institutes and even a music conservatory. Public transport is available nearby to Valencia city centre and to other nearby towns.
